Film Screening: *Barndom*
7:30 pm, Music Room

Barndom is a film on
the importance of play
in childhood. We follow
children from one to
seven years in a nursery
where children are
allowed to be children.
A film that comes about
based on the children's
everyday lives, their
play and their presence.
A close, intimate film
that is also provocative
by highlighting another
perspective on what the
children of today really
need, rather than what
the prevalent norm is.
